DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

RESEARCH PUBLICATIONS (2015-2016)

Faculty Name	Title of the paper	Journal Name
Janakiraman.V	Performance Analysis of OFDM Synchronization Using Customized Floating Point for Low Complexity	International Journal of Circuits and Systems
	Low Profile Microstrip DGS-Based Wideband Slot Antenna for Wireless Applications	International Journal for Research In Applied Science and Engineering Technology(IJRASET)
Nirmal.V	Wearable Antenna For Internet of Things Applications.	International Journal for Research and Development in Technology
Dharsana.P	Area Efficient DA based FIR Filter For EEG Classification	International Journal for Research In Applied Science and Engineering Technology(IJRASET)
Ramadevi.G	Highly secured Quantum Genetic Based Encryption Method with Low Complexity	International Journal for Research In Applied Science and Engineering Technology(IJRASET)
Latha.G	Electronic Voting System Security Optimization	International Journal of Engineering Research –Online(IJOER)
Indhumathi.S	Adaptive FIR Filter Using DLMS for Area Efficient Design	International Journal of Engineering Research and General Science
Sowmiya.G	Group Caching For Effective Data Transmission in Disruption Tolerant Networks	International Journal for Research In Applied Science and Engineering Technology(IJRASET)
Kishore Kumar.V	Design Of Reconfigurable System On Chip Based High Speed Data Acquisition System For Marine Application	International Journal of Engineering Research and General Science
Thanigaivelu P.S	A Secure-Authentication Key Agreement Protocol For UMTS Networks	International Journal for Research and Development in Technology
Balavigneswari.M	Power Saving Management using GSM	International Journal of Advanced Research In Management,Architecture,Technology & Engineering(IJARMATE)
Karthikeyan .D	A New Method Of Ultrasound Medical Image for Liver Segmentation	International Journal for Research and Development in Technology
Jayamohan.M	Low Profile Microstrip DGS-Based Wideband Slot Antenna for Wireless Applications	International Journal for Research In Applied Science and Engineering Technology(IJRASET)
Sutharsan.M	Design Intelligence Data Gathering And Incident Response Model For Data Security Using Honey Pot System	International Journal for Research and Development in Technology
Kaviyarasu.S	A Efficient Directive Contract Based Multi Modal Medical Image Fusion under Improved NSCT Domain.	Research Journal of Pharmaceutical, Biological and Chemical Sciences.
